

STREET STAND

Product Name: Street Stand

Product Description:

Taking inspiration from the Streetpod, the Street Stand is a stripped back version that offers more security than a standard Sheffield Stand.

Featuring two locking loops and an angled steel insert to make cutting difficult, the Street Stand is designed to keep your bike secure.

Overground (bolt-down) fixing.

Fixing bolts: 4 QTY M10 Ground anchors required.

Finishing: Galvanised or Stainless Steel

Dimensions:

W: 932mm x H: 808mm

Ø48.3mm x 3mm tube profile
